

## Venus

Until the moon appears  
The stars help me shed my tears  
For fear you wouldn't want me near  
And your love could disappear

Oh guide me home  
With the evening star  
Till I can feel the fire in your heart

The stars know you turned my tide  
And you'll always be on my side  
Sometimes it's just hard to believe  
That you pour your love over me

Until I met my counterpart  
Nine thousand seven hundred  
Days we were apart  
You are my biggest wonder
