

## Nocturne

All is quiet i can see the fire now  
Of the dawning day  
I can hear the birds and how they sing their prayers  
To push the night away

Not in my wildest dreams  
Would I be swimming with the stream  
Oh let me tell you  
Nothing is for free

Come out and play with me  
And let the rain our shelter be  
Oh let me tell you  
Nothing is for free

Who said we're innocent
